Tarpaulin Textarp ST Forankra

Product information

The ST Leno range of tarpaulins is recommended for applications such as general building and construction work, temporary partitioning, welding screens and roofing. This tarpaulin type offers superior tear strength due to the rope weave inner core. The ST Leno range of tarpaulin is offered in either green or clear transparent options, in a comprehensive range of sizes to match all likely requirements.

- 3 x 3 rope type polyethylene inner core construction
- Weight 175gsm
- Waterproof and shrink proof
- Reinforced hems
- Eyelets every 1m and at the corners
- HDPE lamination outer coating both sides
- Green or clear colour option
- Weight: GSM 175
