

SAFE USE AND PRE-USE INSPECTION SEMINAR

Course Title and Date(s): Safe Use and Pre-Use Inspection Seminar
13th April 11th May 8th June 6th July

Course Summary: The course is specifically designed to give delegates the required information to show they have received training in the safe use and pre-use inspection of lifting equipment as required by LOLER and PUWER. The course will briefly cover the legislation that is relevant to lifting equipment before moving on to specific equipment which will consist of:

- Chain Blocks
- Wire Rope Slings
- Shackles
- Round Slings
- Lever Hoists
- Eyebolts
- Webbing Slings
- Chain Slings

With prior arrangement delegates are invited to bring along their own lifting equipment for advice on how to carry out a pre-use inspection. A certificate of attendance will be issued at the end of the course.
