

## **LOLER & PUWER**

### **AIM**

The course is specifically aimed at providing managers and users of lifting equipment with an understanding of the legal requirements of the Statutory Instructions. The course briefly covers the requirements of the Provision and Use of Work Equipment Regulations 1998 (PUWER) and Lifting Operations and Lifting Equipment Regulations 1998 (LOLER).

The course is ideal for those who need to show they have received professional training on the requirements of LOLER and PUWER.

A short test will be taken and a certificate of attendance will be issued which aids in addressing the various legislative requirements placed upon employers.

### **LOCATION**

The course is generally held at our Head Office at Harworth, however we are able to utilise other Certex sites around the country and also hold courses at your site if adequate facilities are available.

### **DURATION**

The standard course held at our Head Office is intended to last 1/2 day. Bespoke courses or courses held at your own premises will be discussed upon application.

### **FURTHER COURSES & INFORMATION**

Although Certex Training Services offers a number of standard training courses, detailed on our web site, bespoke courses related to Lifting Equipment can be produced to your requirements.

Further information can be found on our web site [www.certex.co.uk/uk/training](http://www.certex.co.uk/uk/training) or by contacting our sales team on 0845 230 7475.
