

Lifting Magnet - Permanent - Walker BUX

Product information

Tremendous lifting capacity thanks to High- Energy Neodymium magnets Increased airgap capability

Suitable for flat and round material

Easy ON/OFF switching

Extremely compact, low dead weight

Robust, low maintenance

Smart design

Applications

In the workshop to load, unload machine tools

At construction sites to lift plates and structurals

In the warehouse to handle plate and bar stock

Features: State of the art two-pole design

Safety factor: 4:1
