

Machine Lift Spring Return HMJ 10 S 15 M

Product information

Machine lifter HMJ 10 S 15 M - Spring return. Ideal for lifting heavy machines with limited tip clearance.

- Toe height adjustable in 3 positions: 25, 100 and 175 mm.
- Protected against ejection of the plunger.
- Telescopic support legs.
- Duplex Power Coating makes the plunger corrosion resistant.
- Duo Power Ring; seal and bearing for long life span.
