

Lubricant Brilube 40

Product information

Typical applications: Lifts, elevators and similar friction driven rope installations.

General: A synthetic lubricant which deposits a slip-resistant film on the wire surfaces. Formulated for use where frictional grip is vital, it provides internal lubrication whilst avoiding excessive build-up with repeated applications.

Minimum application temperature: -5°C.

Application method: Dipping or brushing.

Temperature range: -80°C up to +40°C
