Certex Division

Global presence

Certex (UK) belong to the business unit Lifting Solutions within Axel Johnson International. The business unit is a global player that specialise in lifting equipment, steel wire rope, height safety and services. It operates as a group of companies that supply wire rope, hoists, overhead cranes and other lifting products together with connected services.

Lifting solutions has developed rapidly. Having grown from 0 to 290 MEUR in annual sales since 2005, when the first acquisition was made. Today Lifting Solutions consist of 25 market-leading companies with 67 service centres throughout Europe. Together, the companies serve clients in a wide range of industries, including oil & gas, renewable energy, shipping, automotive manufacturing, ports, fish farming, engineering, pulp and paper, mining, and steel.

Even though Lifting Solutions has a short history the companies within the group have a long history in the business and are well known and established in their local markets. Several have even been around for more than a century. Together, they possess a vast resource of specialist knowledge in lifting and steel wire rope.
