

Introducing Verope

OEM steel wire rope

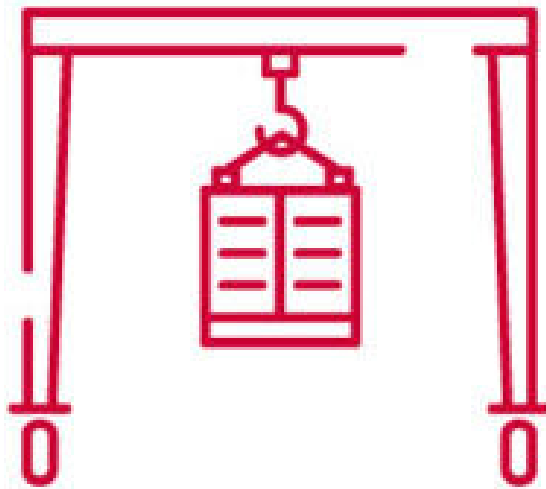

Verope has developed it's steel wire ropes to become the [OEM for multiple cranes & manufacturers*](#) making it best suited for a range of applications.

**Original Equipment
Manufacturer**

Stronger for longer

Under specific uses Verope has shown to last longer than the common alternative.

Why is it better?

Verope's unique formula for plastic impregnation is delivered between the strands leading to reduced friction and an increased working life.

Fine tune your cranes

Our specialist account managers can guide you to the right solutions for you.
