

# Powertex

Certex group is the leading provider of lifting solutions within Europe through our wide market presence and broad selection of products and services. Our long history, product knowledge and extensive customer knowledge provide us with a superior understanding of the market. Through this we have created our own brand of products known as Powertex. Powertex products are quality products at attractive prices in when in comparison to the top of the standard product range.

The key values we place on all Powertex products are our Lifting Know How, quality, safety, expertise and service. Visit our dedicated Powertex website [www.powertex-products.com](http://www.powertex-products.com) to find out more about the range.
