Walmag

Walmag Magnetism has a long history in manufacturing magnetic tools for the engineering industry. With roots in manufacturing going back to the 1960s.

For 20 years, starting in 1991, the company was part of the international Walker Magnetism Group (USA) and bore the name Walker Pilana Magnetism.

In 2011 Walmag became independent and changed its name to Walmag Magnetism. Our products are well known and used all around the world.
