Product information

POWERTEX

This kit is designed for roof top maintenance work and snow removal.
It includes an anchoring loop P0008 for the user to be able to create an anchor point on a roof where there is no built-in attaching point.
The carabiner H-037 is intended to connect the anchoring loop to the rope end of the guided fall arrester P0543.
The moveable part of the guided fall arrester P0543 allows the user to move safely along the rope length.
Harness P0902 is connected to the moveable part of the guided fall arrester by attaching both chest A-points.
