Product information

POWERTEX

POWERTEX Geared Trolley PGT-S2 is a high quality, durable low built push trolley that is easy to install on horizontal beams and rails. The trolleys can be used for I-beams with plane flanges (such as IPE, HEA or HEB types) or beams with sloping flanges (such as INP-beam). The trolley can easily be positioned along the beam using the hand chain thanks to high quality steel wheels with bearings.

Features:

Option:

Blackline BT products are suitable to be used in theatres and entertainment industry.
