

Cablegrip - Single

General: Single stocking with pressed rope eye for pulling or support of ropes and cables. If the stockings are used for support, the eye will be placed on the side so the rope or cable can pass through. The eye can in both cases, on request, be provided with a thimble.

Design: Pleated double wire ropes.

Material: Steel wire rope – galvanized.

Note: Substantial safety ratios have been applied to all quoted minimum-breaking strengths. Additional safety factors, determined by application, should be applied. CERTEX recommends a minimum sa
