

Lubricant Brilube 70

BRIDON

Typical applications: Off-shore cranes, standing rigging, mooring and tower cables and fishing ropes.

General: For heavy duty working ropes in highly aggressive environments and standing ropes in marine locations. A medium thixotropic gel lubricant with stable properties over a wide temperature range offering longlasting corrosion protection.

Effective operating range: -55° - +100°C.

Minimum application temperature: -20°C.

Method of lubrication: With high pressure equipment.
