Ⓢ

Supplied in 60m coils. This is a standard length and choice for most lifting applications and wear parts. It is also available in 120m coils. The 6x19-WSC stainless steel rope is made of high quality stainless steel and is resistant to corrosion. It is suitable for use in marine environments, food processing, pharmaceuticals, and other applications where corrosion resistance is required. The rope is also suitable for use in applications where high strength and low stretch are required. The rope is made of 316 stainless steel and is available in 1/8", 3/16", 1/4", 5/16", 3/8", 1/2", 5/8", and 3/4" diameters. The rope is also available in 1/8", 3/16", 1/4", 5/16", 3/8", 1/2", 5/8", and 3/4" diameters. The rope is also available in 1/8", 3/16", 1/4", 5/16", 3/8", 1/2", 5/8", and 3/4" diameters.
