Additional Information

COURSE CONTENTS

Each course delegate will be expected to complete a short theory test and a practical exercise to demonstrate a good understanding of the course contents. If successful, a certificate will be issued. This will help the Employer to address certain legal requirements by being able to demonstrate employee competency. A detailed course handout is also provided for future reference.

DURATION

The standard course is intended to last for a 1/2 day. Bespoke courses can also be discussed upon application.

LOCATION

The course is generally held at our Head Office at Harworth, however we are also able to utilise other Certex locations, or hold courses at Client premises if adequate facilities are available.

LEEA CERTIFIED COURSE

The content of this course and the standard of instruction has been approved by the Lifting Equipment Engineers Association ([LEEA](#)). A certificate will be issued by LEEA on successful completion of the course.

FURTHER COURSES & INFORMATION

Certex UK offers a range of standard training courses as detailed on our web site and bespoke training courses can be tailored to suit your specific needs. Many of our standard courses are [LEEA](#) certified.
