Basic Safe Slinging and Lifting

COURSE CONTENTS

The course is specifically aimed at providing an introduction to users of lifting equipment with safe techniques for slinging and lifting operations. The training course covers the following areas:

- Current Legislation
- Equipment Selection
- Safe Use of General Lifting Equipment
- Pre Use Inspection of General Lifting Equipment
- Lifting Operation Planning
- Hand Signals
- Sling Configurations

Book Now!

ADDITIONAL INFORMATION

Each course delegate will be expected to complete a theory test to demonstrate a good understanding of the course contents. If successful, a certificate will be issued. This will help the Employer to address certain legal requirements by being able to demonstrate employee competency. A detailed course handout is also provided for future reference.

DURATION

The standard course is intended to last for 1 day. Bespoke courses can also be discussed upon application.

LOCATION

The course is generally held at our Head Office at Harworth, however we are also able to utilise other Certex locations, or hold courses at Client premises if adequate facilities are available.

FURTHER COURSES & INFORMATION

Certex UK offers a range of standard training courses as detailed on our web site and bespoke training courses can be tailored to suit your specific needs. Many of our standard courses are [LEEA](#) certified.

For further information or to discuss your requirements in more detail, please contact our Training Team on [01302-756-777](tel:01302-756-777) or email: training@certex.co.uk
