Book Now!

COURSE CONTENTS

The course content is quite substantial and covers the following areas:

- Regulations
- Crane Types
- Duty Charts
- Method Statements
- Ground Loadings
- Slings Techniques
- Mat Sizes
- Risk Assessments

Each course delegate will be expected to complete a written and practical examination which includes supervision of an actual lifting operation. If successful, a certificate will be issued. This will help the Employer to address certain legal requirements by being able to demonstrate employee competency. A detailed course handout is also provided for future reference.

Book now on [01302-756-777](tel:01302-756-777) or email training@certex.co.uk

DURATION

The standard course is intended to last 3 days but for an experienced Crane Supervisor who holds a valid or recently expired certificate, a 2 day refresher can be attended. Bespoke courses can also be discussed upon application.

LOCATION

The course is generally held at the customer's own premises as a crane will be required for the course. However we are also able to utilise Certex locations if required. This can be discussed upon application.

FURTHER COURSES & INFORMATION

Certex UK offers a range of standard training courses as detailed on our web site and bespoke training courses can be tailored to suit your specific needs. Many of our standard courses are [LEEA](#) certified.

For further information or to discuss your requirements in more detail, please contact our Training Team on [01302-756-777](tel:01302-756-777), or email: training@certex.co.uk
