

## **TR32 - HARNESS AND LANYARD INSPECTION - 1/2 DAY**

### **COURSE AIM**

The aim of this course is to provide delegates with the knowledge, understand and practical ability to conduct Safety Harness and Lanyard Inspections. Following successful completion of the course, the delegate will have enough knowledge and understanding to be able to conduct Pre-Use Inspections of their PPE.

The content covers the following areas: -

- Current Legislation & Regulations
- Working at Height
- Equipment Selection
- Pre-Use & Post Inspection of Equipment
- Attaching Lanyards & Harnesses
- Harness Fitting
- Associated Medical Problems
- Rescue Plans

If successful, a certificate will be issued. This will help the Employer to address certain legal requirements by being able to demonstrate employee competency. A course handout is also provided for future reference.

### **DURATION**

The standard course is intended to last for ½ a day. Bespoke courses can also be discussed upon application.

### **LOCATION**

The course is generally held at our Head Office at Harworth, however we are also able to utilise other Certex locations, or hold courses at Client premises if adequate facilities are available.

### **WHAT DELEGATES WILL NEED TO BRING**

Each delegate is required to produce photographic ID on the first day of the course. Failure to do so will result in the delegate being unable to attend.

### **FURTHER COURSES & INFORMATION**

Certex UK offers a range of standard training courses as detailed on our web site and bespoke training courses can be tailored to suit your specific needs. Many of our standard courses are LEEA certified. For further information or to discuss your requirements in more detail, please contact our Training Team on +44 (0) 1302 756777.
